## NEWS-TIMES CONTEST CREATES INTEREST

Fifteen Entrants Already Received—Boys Now Hustling on Circulation Campaign

The News-Times circulation contest put on Monday afternoon by the Messrs. Peers of the United News depot, has already developed wonderful results, and the indications are that it will prove the most popular contest of its kind ever participated in by the young hustlers. Sixteen boys have entered their names so far and this number is sure to be increased as the interest now aroused increases. The three first prizes are on view in the Peers window, and are attracting considerable attention. The gold watch, made by the South Bend Watch Co. and offered as the first prize, is a "dandy," as the boys term it, while the air gun and football, given as second and third prizes respectively, are of the best manufacture.

The contest will last 60 days, and every Saturday night during that time there will be a distribution of candies among those who are showing results. In addition to this every boy will be paid a cash commission for all new subscribers whether of long or short duration. Speaking of the enterprise, Tuesday night, William Peers stated that the results already achieved were far beyond his expectations and that the indications for a record breaking contest were most encouraging.

Following are the names of the boys who are now working in the contest: Charles H. Krueger, Willie Barber, Clarence Cook, Charles Ben, otherwise known as "Bart Jinks," Arthur Kob, Earl Smith, Johnnie Brunelle, Floyd Saitor, August Brunelle, Dan Killian, Wilfred Palmer, LeRoy Burlington, Gerald Lys, Jacob Palmer, Wilbur Palmer.

## GOOD BILL AT LINCOLN.

In a marvelous characterization, Florence Turner, the idol of the screen, scores a huge success in "Far From the Madding Crowd," a five reel masterpiece showing at the Lincoln theatre today. Thomas Hardy, author, says of the popular actress in his famous masterpiece, "Her innate inability to refrain from misdeeds and torturing those whom she has captivated by her alluring ways was the cause of the heart breaking of Gabriel, the death of Troy and the final doom of the morbid Boldwood. But at the end of it all, the happiness of rest and peace must have been intensified by the turmoil that had gone on before."

## PYTHIAN THIMBLE.

Mrs. Charles Ainlay delightfully entertained the Pythian sisters at a thimble at her home east of Mishawaka Tuesday afternoon. In the ball contest the first favor was won by Mrs. Reed of River Park and the consolation fell to Mrs. Henry Lawrence. Needlework was also one of the features.

## ATTACK ON BALL TEAM SEVERELY CONDEMNED

Newspaper Article Raises Ruction Throughout City—Ball Band's Defense.

The attack on the Ball Band ball team on the sporting page of the Tribune, Monday night, has aroused much indignation among the residents of Mishawaka generally and the 2,600 employees of the Woolen Co. in particular.

It is represented by local fans that the objection raised to Dr. Carson's ruling is not so much on account of the ruling itself, but because the decision was not handed down sooner, in fact was held up until the day before the game scheduled between the South Bend team and the Ball Bands was to have taken place. Again, it is argued that no protest was made until after the third inning of the protested game, and that the protest would not have been made but for the fact that a fan in the grand stand tipped it off to the captain of the Oliver team.

The billingsgate employed by the writer in his denunciation of the local players and their supporters, is keenly resented by all local sportsmen who point out that but for the Ball Band aggression the factory league would have been dead long ago. It is in reality fighting three South Bend teams, and since it has this season been able to best all of them it is taken for granted that the Mishawaka factory brand of baseball is superior to that of South Bend. The Mishawaka games seldom fail to draw big crowds and each time the local players adjourn to South Bend, the fans follow them in large and paying numbers.

To blame the supporters of the Ball Bands for an illiterate attack on Doc Carson with which they had nothing to do, and which they never saw until the dodger was thrust into their hands, is unfair, they contend. This is foreign to the sporting spirit of Mishawaka, and is as roundly condemned by the Ball Band followers and the players themselves, as it deserves to be. The local team, its supporters insist, is composed of clean-cut young fellows who are in the game for the love of it and whose ambition to capture the pennant is a laudable one.

It is regarded as unfortunate that the attack on the team should have been made at this time.

## HERMAN POTISMAN TO BE BURIED THURSDAY

## BACK FROM GLASGOW AFTER YEAR SOJOURN

Mishawakan Tells Interesting Story of Conditions in Scotch Metropolis.

Joseph D. Rinder, for several years in business in Mishawaka, returned from Glasgow, Scotland, Monday, and renewed old acquaintances in the city. Mr. Rinder has been a resident in the Scotch metropolis for the past year, where he was employed by the British government in putting together American war manufactures. He tells an interesting story of conditions in Glasgow at the present time. Wages, he says, are higher than they have been in the history of the country. He was drawing \$65 per week, while many mechanics were receiving even more. There isn't an idle man or woman in Scotland according to Mr. Rinder, and such an era of prosperity has put everyone in the best of humor.

Mr. Rinder is a subscriber to The News-Times of many years standing, and had ordered the paper sent after him when he left Mishawaka. However, he never received a single copy of the paper, American publications being refused delivery by the British government. All letters addressed to him from abroad were opened by the censor, but a Mishawaka friend sent him the Mishawaka page of The News-Times recently in which appeared the advertisement of Major's butcher shop. He states that this advertisement was read by at least 1,000 people, who were amazed at the prices charged for meats in this country when compared with those prevailing in the British isles. Meats in Glasgow are selling from 50 cents to 75 cents per pound; potatoes, 16 cents per pound; eggs, 75 cents per dozen, and common grapes at 65 cents per pound.

Mr. Rinder says that the feeling of optimism in Scotland over the final result of the great war is increasing all the time.

## CLERK FIGURES IN SOUTH BEND CASE

P. O. Fry Tells of the Surprising Relief He Gained Through Tanlac's Use.

Another well known South Bend man, P. O. Fry, a clerk who lives at 215 West Madison street, told, on August 18, of the surprising relief he gained through use of Tanlac, the new medicine now being introduced in this city. Mr. Fry has hundreds of friends in South Bend and he also is very well known in Mishawaka.

"I suffered from catarrh of the head and stomach and my kidneys also were out of order," he said. "Indigestion bothered me severely and I belched frequently. I was badly constipated. My appetite was very poor. The catarrh of the head caused the nasal passages often to be obstructed and mucus would drip into my throat. My kidneys were very weak and irregular. I had to get up often during the night. I suffered from severe pains in my back in the region of the kidneys."

"Tanlac had helped so many others and so many people praised it that I decided to try this new medicine. I have taken two bottles of Tanlac now and the catarrh is fast leaving me. My head is clear now. My appetite is excellent and after eating I'm not bothered with the bloated feeling I formerly experienced. The belching also is a thing of the past. Constipation does not bother me since I've tried Tanlac. My kidneys are working regularly now and the pains in my back have completely disappeared. In fact, my general health, since I began taking Tanlac, is excellent."

"Tanlac is just as it is claimed and I'll recommend it to anyone."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney troubles, catarrhal complaints, rheumatism, nervousness, and the like, or for the symptoms of these common ailments such as bloating and belching, constant hawking and spitting of mucus, lack of appetite, pains in the back and stomach, general tired feeling and the like.

Tanlac is now being introduced in Mishawaka at the Red Cross Pharmacy, where a special Tanlac representative is explaining the new medicine to the public.
